

# CALLING CA FARMERS AND AG CONSULTANTS!

## HELP US TO FURTHER OUR UNDERSTANDING OF SOIL IN CALIFORNIA

In an effort to better understand how farmers in California are thinking about their soil, the **CFDN is looking to recruit both producers and agricultural consultants in a range of different crops across California to participate in an interview.**

We invite farmers and technical assistance providers with more than 5 years of agricultural experience and who intend to continue working in this industry for the next 5-10 years to fill out the recruitment survey (link below).

### **SURVEY AVAILABLE AT:**

#### **Survey Link**
